

UI Developer Test

Duration: 90 mins

1. Design the below screen using HTML and CSS, without using any external libraries.

Button height: 36px

Color code for “Try for free” button: #2DD35C

Color code for “E-commerce store” text: #5553B7

2. Complete the following javascript function that accepts the url and the parameter name and returns the value of that parameter.

```
function getUrlParameterValue(url, parameter) {  
    //Todo: complete this code  
  
}
```

Example: If

var url =

[“https://www.kommunicate.io/poweredby?utm_source=https://www.kommunicate.io/&utm_medium=webplugin&utm_campaign=poweredby”](https://www.kommunicate.io/poweredby?utm_source=https://www.kommunicate.io/&utm_medium=webplugin&utm_campaign=poweredby);

Then calling getUrlParameterValue(url, “utm_medium”) should return “webplugin”

And calling getUrlParameterValue(url, “utm_campaign”) should return “poweredby”

3. Write a javascript function that prints the reverse of a number. Example: if the number is 149, then output should be 941.
4. Describe the best project you have worked on, including links if any.
5. If you are to start a software company, name 2 people from your batch whom you will choose as your partner and why?

UI Developer Test

Duration: 90 mins

Upload your files to Github/Google Drive and share the link to hr@kommunicate.io with your updated resume.
